PURPOSE OF VISIT

Industrial visits are important for the following reasons:

1) To gain a practical knowledge of the actual working of the organization.

2) To get the practical knowledge of the project development process.

3) To adopt criteria about the management.

4) To study co-ordination between different departments.

5) How to control various circumstances

Significance of the Industrial Tour:

- The basic objective of having industrial tour is for studying various aspects related with different industrial units.
- The different techniques and methods being used in industries are studied in order to gain wide outlook concerning industrial activities for that purpose.

CONCLUSION

The experience of this tour was really fantastic and unforgettable. It was reverberating experience which cherished all of us. Students got valuable information about different aspect ofReal life applications of technologies. It was a beautiful journey which enabled us to see for ourselves how hardware and software go hand in to hand to create amazing and beyond imagination user experiences.
